## GLOSSARY OF ICONS

-  High Carbon Tool Steel Blade
-  Stainless Steel Blade
-  Drop Forged Blade
-  Hard Chrome Plated Blade
-  Chemical Nickered Blade
-  Replaceable Blade
-  Impulse Hardened Blade
-  Curvature Ground Blade
-  Tapered Blade

Since 1876, ARS Corporation has been defining the state of the art for pruning tools. ARS tools are designed to be ergonomic, perfectly balanced, and super lightweight for continued professional use. No one is better at hardening steel for pruning tools than ARS. The blades start sharp and stay sharper longer. Combining perfectly designed tools with superior sharpness produces a tool that makes work easier.
